

The Seattle Gdynia Sister City Association (SGSCA) is proud to present the 27th Seattle Polish Film Festival. It's because of people like you that we've been able to grow SPFF into one of the largest and longest-running celebrations of Polish cinema in the US, bringing Polish actors, directors, and important films to Seattle audiences for twenty-six years...a worthy milestone!

As usual, we are going to have Festival in October. On October 10th, we'll take another run at the Vodka & Drop of Art fundraiser party, which officially kicks off the 27th SPFF. Ten days of features, documentaries, and short films, as well as guests, panel discussions, workshops, and more parties will follow, finally wrapping on Sunday, October 20th.

Because of YOU we've been able to put on a bigger and better event year after year, and we rely on that support. The festival's budget goes entirely to licensing films, transporting and accommodating guests, securing the theatre and marketing - the entire Organizing Committee is made up of volunteers. Part of our funding comes from public sources in Poland, and unfortunately those numbers are decreasing each year, so it's imperative we reach out to our community to continue supporting us.

It's easy to donate to the Seattle Polish Film Festival. Purchase an ad for your business or become a donor; all with added benefits. We will gladly acknowledge your donation in our festival program when received by September 19th, and all donations are tax-deductible.

Once again, thank you so much for your support of last year's festival, and we hope you can continue that support again in this milestone year. We ask that you match or increase last year's donation. We know there are many Polish festivities to support in our community and hope that Seattle Polish Film Festival is one of them.

On behalf of the SGSCA and the SPFF we thank you in advance for your generous support. We look forward to seeing you at the 27th Seattle Polish Film Festival, October 10-20, 2019.

Sincerely,
Zbyszek Konofalski
President, SGSCA
