

the 2011 Cornucopia Harvest Ball

A Cornucopia, also known as a "Horn of Plenty," is a fall symbol of abundance. Those energies that we have invested in earlier months, return to us as we take inside our harvest and gather closer to friends and family with special foods and celebrations in the coming months. It marks a time of year beginning many traditions. It is our honor to bring you together to celebrate the changing seasons with this special Ball. We are looking forward to the pleasure of your company!

~ Lilli Ann Carey
